The DIMMER VIEW

by Max Goodwin

Repeaters Winning Crime War

Serious crime was up 18 per cent in 1974 over 1973.

That is the frightening report given by Attorney General Edward H. Levi quoting from the figures released a few days ago by the Federal Bureau of Investigation

And why shouldn't there be a hefty increase. The criminal's operating cost is less today than any time in the history of our country.

The lawmakers and the courts have reduced the penalty to the point where it is as profitable to engage in criminal activity as it is to work for a living.

And the hours are shorter, too.

This hypothesis is backed up by these FBI figures:
Violent crimes — up 11.3 per cent
Property crimes — up 18.3
By classification:
Murder — up 5.6 per cent
Forcible rape — up 7.8
Robbery — up 15.1
Aggravated assault — 8.5
Burglary — 18.5
Larceny-theft — 21.0
Auto theft — 5.2

That tells how great the increase in the number of crimes. Now for the frequency:

Serious crimes	one each minute
Violent crimes, murder, rape, robbery	one every 33 seconds
Murder	one every 26 minutes
Forcible rape	one every 10 minutes
Aggravated Assault	one every 70 seconds
Robbery	one every 71 seconds
Burglary	one every 10 seconds
Larceny-theft	one every 6 seconds
Auto theft	one every 32 seconds

That tells how often. Here is the proof that lawmakers and courts have a responsibility second only to the criminals themselves. These are the repeaters — by type of crime — among persons arrested 1970-1974:

Auto theft — 79 per cent are repeaters	Assault — 65
Robbery — 79 per cent	Burglary — 64
Stolen property — 73	Narcotics — 59
Forgery — 73	Fraud — 58
Weapons — 72	Larceny — 55
Murder — 68	Embezzlement — 28
Gambling — 65	All others — 68
Rape — 65	Total 65 per cent

There you have it. Crimes are easy. Penalties are light and infrequent. Probation is given instead of incarceration and rehab is often the rest period between crimes.

When 8 out of 10 of those arrested for auto theft or robbery during the previous four years are at it again, it tells us that something is wrong with the present system!

Ronald Reagan Says:

I believe the experience of the past eight years has demonstrated that there is a cause and effect relationship in the crime rate. When we passed a tougher law on drunk driving, the number of arrests went up and the number of deaths caused by drunk driving went down.

Area Insurance Problems Prove 'No-Fault' Would Aid

Mrs. Lila Keedy of Spring Valley was hit with $1,200 in medical bills for treatment of injuries suffered August 8 in an auto accident.

Mrs. Keedy so far has not received any reimbursement from either her own insurance company or from the insurer of the driver cited for causing the accident.

Frank Beasore of Chula Vista, a former advertising man, has a similar tale of woe. He was permanently disabled, he says, when his car was struck by another vehicle eight years ago.

When insurance companies did pay, it was too little and too late, Beasore feels. He has been awarded compensation totaling less than $5,000 although he estimates his loss of earnings alone to be at least $63,000.

Beasore and Mrs. Keedy were among area residents who met in the San Diego office of Rep. Lionel Van Deerlin with Peter Kinzler, counsel for the House subcommittee on Consumer Protection and Finance, chaired by Van Deerlin.

Kinzler said a no-fault auto insurance bill which Van Deerlin, D-San Diego, is pushing would have spared Mrs. Keedy and Beasore much of their grief.

Both would have been reimbursed fully and promptly for their medical costs, by their own insurance agencies, "without any hassle," Kinzler said.

Supportive Guidance

Kinzler was gathering evidence to support the bill when Van Deerlin takes it before the full House Commerce Committee. The measure was approved earlier this month by Van Deerlin's subcommittee on a 5 to 4 vote.

While in San Diego, Kinzler also met with trial lawyers, who generally oppose the legislation, and insurers, who are divided on its merits.

The subcommittee counsel also conferred with William E. Quirk, Jr., executive vice-president of Local 11509 of the Communications Workers of America, and Dan Franklin, executive director of the California Public Interest Research Group (CalPirg).

Quirk said his union was actively supporting the legislation. Kinzler noted under present insurance methods only about 44 cents of every dollar paid in auto insurance premiums is returned as benefits to consumers.

SV CoC Announces Lighting Contest

The Spring Valley Chamber of Commerce will hold a Christmas lighting contest this year. Outdoor home and business Christmas light displays will be judged throughout the day on December 22.

Trophies will be awarded to the grand prize and first runner-up displays, and ribbons will be awarded in various categories.

Entrants in the Spring Valley area should call the Chamber office, 466-5736, between 10 a.m. and 1 p.m. to enter the contest. Deadline is December 19.

COLORS RAISED — Members of Boy Scout Troop 322, sponsored by Lemon Grove V.F.W. Post 2082, raised the U.S. flag at special ceremonies Saturday morning at the new Gibraltar Savings bank. The troop meets at the V.F.W. Hall weekly on Wednesday, 7 p.m., according to scoutmaster Richard Schaeffer. On hand at the flag raising was the bank's manager Rose Harris (left, background).

Fourth of 5 Meetings To Study Nursing Homes

A public meeting to receive and investigate complaints on nursing home care in the county will be held Thursday, December 11.

It will be the fourth in a series of meetings sponsored by the Blue Ribbon Task Force on Nursing Home Care.

The task force was authorized in early November by the County Board of Supervisors.

The meeting will be held in the council chambers of Chula Vista City Hall, 276 Fourth ave., in Chula Vista.

The meeting will be split into an afternoon session from 3 to 5 p.m. and an evening session from 6 to 8 p.m.

The task force has been charged with holding five regional meetings in November and December to receive complaints, weigh their validity, investigate as possible, review criteria for nursing home care and develop cost figures related to nursing home care. The task force is scheduled to report its findings and recommendations to the Board of Supervisors by February 3.

Citizens Appointed

Members of the task force include: Maggie Helton, chairwoman appointed by Supervisor Jack Walsh; Captain Sticky, appointed by Supervisor Lou Conde; Gary Brynes, vice chairman appointed by Supervisor Jim Bates; Bonnie Muir, appointed by Supervisor Lee Taylor; and Chris Sickles, appointed by Supervisor Dick Brown.

Other task force representatives include: Richard Hebbel, Health Care Facilities Assn.; Will Vargish, County Health Care Agency Advisory Board; Ralph Rendon, County Human Resources Agency Advisory Board; Dorothy Moses, Senior Citizens Advisory Committee; Alan Kremen, CALPRIG; Donald Waynert, Health Care Agency staff member; and Barbara Zimmer, Human Resources Agency staff member.

In addition to the work of the task force, the County's Office of Senior Citizens Affairs has appointed Zimmer to serve as a nursing home care ombudsman.

The purpose of the ombudsman program, as authorized by the Board of Supervisors, is to receive complaints and work toward solutions through investigation and mediation between consumers and nursing home facilities.

The work of the task force is expected to yield information that can be utilized by the Office of Senior Citizens Affairs ombudsman program, the County's Health Care Agency, and the California State Department of Health, facilities licensing section.

Valle de Oro Draft Hearing Held Wed.

Residents of the Valle de Oro community plan area will have a chance to comment on the proposed set of planning goals for the community at a public meeting scheduled for December 10. The meeting is being sponsored by the citizens executive committee for preparation of the Valle de Oro Community Plan and will begin at 7:30 p.m. in the Spring Valley Junior High School cafeteria.

The Community Plan includes the communities of Mt. Helix, Casa de Oro, Spring Valley, La Presa, Rancho San Diego, and Horizon Hills. The proposed goals will provide the framework for the plan preparation and cover categories such as housing, schools, roads, public transportation, commercial activities, and parks. Upon adoption by the executive committee the goals will be submitted to the County Planning Commission and the County Board of Supervisors for acceptance.

Copies of the proposed goals are available at the Spring Valley and Casa de Oro libraries. Community residents are urged to attend the meeting and make their ideas known.

Storm Brings .72 Rain

The week-end rain was heavier than most residents thought. It totaled .72 inches.

On Thanksgiving it was .02; Friday .45 and Saturday .72. It brought the season total to .92 inches. Last year on this date it had rained 2.03 inches.

The weather figures were collected by Jim Nicodemus, meteoroogist at the local fire station.

Water Rates Rise in January

Meter Reading Fee Rises 5%; Water Use Up 3 Cents/100 Cu. Ft.

Water rates for consumers in the Helix Water District will be adjusted effective with bills mailed after January 1 to meet anticipated higher costs during the next several years, the District's board decided recently.

The decision was reached following extensive analysis of future financial needs conducted by Byron Miller, special consultant.

8.1% Average Raise

Commodity charges will be increased three cents, to 34 cents per 100 cubic feet. The meter service charge will be increased by approximately five per cent.

The average consumer, who uses 3600 cubic feet of water in a two month period, will see an increase in his total bill from $17.11 to $18.49, the water facility reported. This represents an 8.1 per cent raise.

The percentage increase for smaller users will be less than eight per cent. Larger users will see bills increase by up to 9.3 per cent.

In his memorandum to the board, General Manager Clarence Watters pointed out that the increase will be required to meet anticipated higher costs for purchased water, energy and other operating costs.

"By utilizing funds left from last fiscal year, some $500,000, we could avoid an increase this year," Watters stated, "but substantial increases would be required in fiscal 1976-77.

"However, if we use these funds over the next two or three years, we can more nearly equalize future rate adjustments," he said.

Conservation Urged

Harry Griffen, Helix president, advised consumers that, as energy and other costs increase, water rates will continue to rise. "The only way the water user can keep his costs down is to reduce the amount of usage. Water conservation is the only answer to higher costs."

If the cash on hand were used to balance this year's budget, a rate increase of 37 per cent would be required in in January 1977, according to Miller's survey.

Approximately 90 per cent of the water distributed by Helix is imported water purchased from the San Diego County Water Authority.

The meter service charge is a fee which varies with the size of the meter. The commodity charge covers the amount of water actually registered by the meter.

January 1 Is Target Date For LG Ave.

Though work on the new Lemon Grove avenue off-ramp of Highway 94 appears to be winding to a close, vehicles will not be permitted on the new roadway before January 1, according to CalTrans on-site engineer Ralph Loveland.

Although much of the blacktop has been set, there remains another four weeks of paving, landscaping, guardrail installation, lanemarking and other finishing touches before it is opened to traffic.

Some vehicles are allowed access to the roadway via Imperial ave., but only those motorists wishing to reach the businesses along Costa Bella st.

"No traffic is being permitted to cross the bridge at this time," Loveland reports.

LAFCO Hearing Dec. 15 Is D-Day for Incorporation

D-Day for Lemon Grove's incorporation attempt comes Monday December 15.

It will be in room 358 of the County Administration bldg. at 9 a.m.

The meeting room is the County Board of Supvervisors' South chamber. The Administration bldg. is at 1600 Pacific highway.

LAFCO (Local Agency Formation Commission) will accept recommendations from four sources — plus public input. Interested citizens are urged to attend. Their views will be heard and considered Mike Gotch of LAFCO said.

The four official sources are:

1—LAFCO staff's executive officer Skip Schmidt

2—Lemon Grove Reorganization Committee from either Dell Lake, chairman, or Karen Thompson, vice chairman.

3—LAFCO Special District Advisory Committee, representing 12 special districts and providing techincal information.

4—LAFCO Citizens committee representing each of the cities in the county.

The LAFCO Commission, at the meeting will:

1. Decide the boundaries for the proposed new city of Lemon Grove, if incorporation is approved.

2. Resolve the Vista La Mesa area boundaries now in dispute because of an annexation process of the area by the City of La Mesa.

3. Call for a continuance with a decision to come at a later date.

The Lemon Grove Reorganization Committee has been meeting weekly at the Lemon Grove Youth Center for several months re-aligning districts and laying out boundaries.

Last Customer is Victim In Rodeo Room Holdup

It was closing time. Robin Lynn Nowak, the female bartender at the Rodeo Room, 8300 Broadway in Lemon Grove was announcing "last call for drinks."

Of the five customers, three left. One went to the telephone and Gerald Wesley Wilcox of Lakeside, was putting the final touches to his drink.

The man at the phone completed his call, walked over to Wilcox, put a gun to his head and told the bartender, "This is a holdup. Be cool. Give me the money in your bag and give me your money, too."

Bartender Nowak gathered up the money she had been counting and handed it to him in a bank bag. The robber told Wilcox to put his money in the big — which he did. He had $200 in his overall's pocket. The robber then demanded that Nowak produce the rolled coins and the rest of the money in the register.

Then the two victims were put in the women's restroom where they were told to stay for at least five minutes. The robber said he intended to break open the coin-operated pool table. He told the restroom prisoners to measure the time by smoking a cigarette.

He was gone with the contents of the pool table, $230 belonging to the Rodeo Room and $200 belonging to Wilcox.

Sheriff's deputies are looking for a white male, about 30, 6-3, about 200 lbs. and having a military-style haircut.

Purse-snatcher, 13, Captured

When Michele Anne Northern wondered why a group of youngsters were not in school Monday shortly after noon, she soon learned that a 13-year old boy among the group was a purse-snatcher.

She, and Vera D. Woods, both of 4132 Massachusetts, Lemon Grove, after shopping in the center at Broadway and Massachusetts, noted the several youngsters following—some on skateboards.

As they neared home the 13-year old boy snatched Mrs. Northern's purse and fled with the two women in pursuit.

Captured and turned over to the sheriff's deputy who responded to the women's call, the youngster said he wanted the money to buy a skateboard.

Dup Key Gets Radio

An auto radio valued at $33 was taken from a VW in the sales lot of John Factor Volkswagen at 6955 Broadway, Lemon Grove about 4 p.m. November 25.

According to Don Jean Williams, the firm's general manager, the car was still locked and sheriff's deputies opine that entry was made by use of a duplicate key.

Provenzanos Buy From Provinzano

Sam and Vi Provenzano, long-time customers of Provinzano's Italian Bakery and Delicatessen, were interested when they heard that the owner was selling his business. They are no relation to Vince Provinzano, the former owner whose name differs by one vowel from the new owner's. Also in the new partnership are Provenzano's stepson Ross and his wife Salley.

As an added coincidence, Vi's first husband was also named Provenzano, again no relation to Sam.

Liquor Store Loses Receipts

A charge of grand theft faces the perpetrator of the burglary of Stan's Liquor, at 9907 Campo rd., Casa de Oro.

When the owner, Stan Totten, prepared to take the deposit from the place of safety, the money, $1,300 in currency, was gone.

Sheriff's deputies, investigating the loss, could find no discernible place of entry.

The store's two clerks, Paul Sansone of San Juan st. and Jeff Pfister, of S. Barcelona, both of Casa de Oro, told officers the receipts were there when each of them checked out.

Store Co-Owner Stars In Christmas Concert

A special program of Christmas music is presented Saturday, December 13, by Jim Hansen, co-owner and president of Southland Music Center. The program of popular and religious Christmas music is held at the store, 3459 Imperial ave., Lemon Grove, at 8 p.m.

The first half of the program will include popular Christmas songs and an "ol' fashioned Community Sing. Hansen will also perform excerpts from the Nutcracker Suite.

The second half of the program features classical organ music of the Advent season.

Hansen will use the Rodgers Marquee Theatre Organ for the popular segment and the Extended Rodgers 330 Organ for the classical music.

A Christmas bazaar is planned for 10 a.m. to 4 p.m. at St. Philip's Episcopal Church Saturday, sponsored by the TOPS Club, a weight reduction group.

Christmas items, including ornaments and gifts, will be sold by the local chapter No. 324 of Take Off Pounds Sensibly.

St. Philip's is located at the corner of Palm and Hardy streets in Lemon Grove.

Toys, Canned Goods Wanted by SV Group

The annual Christmas project of the Spring Valley Community Aid, an all-volunteer group from Spring Valley, is underway.

Each year, the group collects canned goods and new and near new toys to be distributed to families in need at Christmas time.

The group adds a roasting chicken, fresh produce, bread and other grocery items to its gift basket, paid for through donations and year-round fund raising efforts.

Collecting of toys and canned goods in the Brookside area is Jo Bush, 463-4656, and in La Presa, Lillian Duncan, 466-4631. Donors are requested to call either number to arrange a time for delivery of items.

1300 cans are needed for this year's project and the excess of what is collected are stored and used in year-round cases of emergency, the group's chairman, Mrs. Mary Bowman, said.

The shows are free of charge.

Local Sweet Adelines Win International Trophies

The San Diego Chapter of Sweet Adelines, Inc. won the International Sweet Adelines Chorus Championship trophy at the 3rd Interational chorus Competition in Seattle, Washington, recently. That chapter's High Society quartet was awarded the Novice trophy and the Fourth Place Medalist at the 29th Annual Quartet Competitions October 22 - 24, also in Seattle.

92 of the 100-member San Diego Chorus competed for the first time at the international event with 13 other regional chorus champions.

The San Diego Chorus and High Society represented more than 1800 Sweet Adelines in Region 11 — Southern California, Arizona and Nevada.

Groups were judged in music, sound, expression and showmanship.

The San Diego Chorus performed the same songs which won them the April, 1974 regional championship, "That's Entertainment" and "When the Song and Danceman Came to Town."

"It took the chapter over a year to raise more than $20,000 to pay for travel expenses to Seattle and many hard hours to perfect our contest songs," said Chapter President Mrs. Sally Harris, who lives on Kennester st. in Lemon Grove.

"It cost our chapter about $4,000 each minute we were on stage, but it was all worth it," she said. Each chorus is allowed two competition songs which cannot total less than four minutes or more than six minutes.

The chorus has won regional championships in 1964, 1966 and 1971.

The High Society quartet won the 1975 regional championship when only 9 months old and, after 1½ years, won the 1975 International Novice trophy and became fourth place medalists their first time at the international competition.

The group was honored by the County Board of Supervisors, an assistant to Mayor Pete Wilson and the San Diego Chamber of Commerce when they returned from Seattle.

The chorus is one of 600 chapters of the Sweet Adelines, Inc., a non-profit organization for women who teach and sing four-part harmony, barbershop style. It is the largest women's singing organization in the world with more than 25,000 members in the United States, Canada, Panama Canal Zone and England — and a prospective chapter in Japan.

The local chapter meets each Wednesday at 7:30 p.m. at Florence Elementary School Auditorium, in San Diego. Guests are welcome.

WINNERS' TROPHY — President Sally Harris of Lemon Grove reads one of many congratulatory letters that were received by the San Diego Sweet Adelines who won the International Chorus Championship in October. In the foreground is the International Chorus Trophy.

Search for Honesty in Gov't Screened Tues.

The Grossmont College community film series "Adventures in Reality" continues Tuesday when a documentary film titled "I.F. Stone's Weekly" is screened at 2 and 7 p.m. in the College Grove Shopping Center Community Hall.

Dr. Eugene A. Farrar will introduce the film and serve as discussion leader. The film chronicles the character of Izzzy Stone, an impassioned, outraged newsman who becomes fed up with crooks in high places as he campaigns for honesty in government.

The public is invited to the free film showings.

Mt. Miguel Class of '66 Plans Reunion

Mt. Miguel High School's class of 1966 is planning a ten-year reunion for next year. A committee working on the event is trying to locate class members who will be sent questionnaires asking what type of celebration and which date would be most preferable.

Alumni are urged to notify the committee by writing to P.O. Box 1031, Lemon Grove 92045.

Former Miguel Student Attends Helsinki Talks

Mikko Pyhaa, a former foreign exchange student who attended Mt. Miguel High School in 1962 and 1963, served as an attache to the Embassy of Finland during an international conference in Helsinki, Finland, his former host family reported.

The conference was attended by many world leaders including President Ford.

Pyhala stayed with the Harold Wolfarth family at 1646 Cameron dr., Lemon Grove, while attending school here. The Wolfarths report Pyhala's old friends may write him at the following address: Drevna 2, Praha 025, Czechoslovakia.

Guitarist Featured In Saturday Concert

Classical guitarist Joseph Trotter will join the University of San Diego's Solisti de Alcala Chamber Orchestra in a Saturday concert in the Camino Theatre. The concert, at 8 p.m., is open to the public free of charge.

Trotter has just returned from Italy, where he studied at the Conservatorio di Music "Antonio Vivaldi' in Alessandria.

Trotter also works at Salk Institute as a cancer researcher.

The Saturday program will include the Boccerini Quintet for Guitar and String Quartet, Bach's Bradenburg Concerto No. 3, Romanian folk dances by Bartok, and "Dreaming" by Elgar.

Fleet Theater Space Mosaic Captures 48 U.S. States

A 10x20-foot picture of the 48 conterminous United States is on public display in the lobby of the Reuben H. Fleet Space Theater in Balboa Park.

The space view is a mosaic of 595 separate pictures taken of the various parts of the nation by a multi-spectral line scanner on NASA's Landsat-1 Earth resources survey satellite, which has been orbiting the Earth for more than three years. Each of the individual images taken by the line scanner covers 115 by 115 miles — 13,225 square miles.

The mosaic was prepared by the Soil Conservation Service in the U.S. Department of Agricutlure, and has been put on display by the Geological Survey at a number of locations around the nation.

It clearly shows many of the nation's regional features, including San Diego Bay, the Salton Sea, and San Clemente, Santa Catalina and other islands off the California coast.

The public may view the space mosaic in the Fleet Theatre lobby from 10 a.m. to 5 p.m. and from 7:30 p.m. to 9:30 p.m. There is no admission charge to the lobby.

Youthful Pianist Is Symphony Star

The San Diego County Symphony, under the direction of John Metzger, will present an all Tschaikowsky pre-Christmas concert at Hoover Auditorium, 4474 El Cajon Blvd., December 18 at 8 p.m.

The orchestra will present The Nutcracker Suite and Overture to Romeo and Juliet.

Featured soloist is Brian Gould, young artist from Vista, in the Tschaikowsky Concerto No. 1 for piano and orchestra. Gould is the recipient of several awards and scholarships and has the distinction of 25 memorized concertos for concert work. He is 13 years of age, and appeared in 1971 with the County Symphony in cornerts in Mexico and in various cities in the County of San Diego.

The public is invited to attend.

HOME-COOKED This Week's RECIPE

Bike Hike Bars

When the pedalling seems all uphill, stop to snack on Bike Hike Bars. Take time to taste the good ingredients in these nutritious golden treats — quick or old fashioned oats, raisins and wheat germ spiced with cinnamon and cloves. Bike Hike Bars are definitely easy-riders for today's easy-going cyclists. Do take them along for the ride.

BIKE HIKE BARS

- ¾ cup shortening, soft
- ⅔ cup sugar
- 2 eggs
- 1 teas. vanilla extract
- ½ cup sifted all-purpose flour
- 1 teas. cinnamon
- ½ teas. salt
- ¼ teas. cloves
- 1½ cups quick or old fashioned oats, uncooked.
- 1 cup dark seedless raisins
- ½ cup wheat germ

Heat oven to moderate (375°F). Beat shortenings; add sugar, beating until light and fluffy. Blend in eggs and vanilla. Sift together flour, cinnamon, salt and cloves. Gradually stir into creamed mixture. Add oats, raisins and wheat germ; mix well. Spread to cover bottom of a greased and floured 13x9-inch baking pan. Bake in preheated oven 35 to 40 minutes. Cool before cutting. Serve with cream cheese, if desired.

Xi Nu Women Meet

Xi Nu chapter of the non-academic sorority Beta Sigma Phi meets Monday at the La Mesa home of Mrs. Merle 'Fechter.

Two programs, "Women Who Have Made the Difference" and "Vive La Difference" will be presented by Mrs. Joe Rudnick of Lemon Grove and Mrs. Harold Dunn of Lakeside.

Canned goods will be collected for needy family Christmas baskets.

Jamul Dancers Seek Bookings

Students in Jamul's Ann Russell School of Dance are rehearsing their annual Christmas Program. Students at the school will perform a Christmas play and Ann Russell's class will entertain with three dance numbers.

Older students will do a jazz dance to the tune of "It's Beginning to Look a Lot Like Christmas." The middle aged group performs "The Sugar Plum Fairy," and the youngest children will do a number titled "Santa Claus Comes."

The group will gladly perform their program for club meetings and Christmas parties upon request, according to Mrs. Russell. Last year, the children made seven extra appearances. For bookings, call 463-3237.

Davis Y Starts Fitness Class

A simple heart recovery test at the Davis YMCA in La Mesa can tell you how fit you really are. A four-phase test, conducted by professionals, can measure your working and resting heart rate and determine how much and what forms of exercise you need.

New subjects are given a flexibility test, a muscular test, a grip strength test and a step test.

A new physical fitness program is starting at the Davis Y. Classes teach principles of exercise, physiology, blood testing, skin fold test and several types of stress tests. Fee is $15.

Chargers Limp Into Kansas To Seek Season's First Win

Accustomed to adversity, the Chargers (0-11) will face a double dose of it Sunday.

Frigid weather and the Kansas City Chiefs (5-6)—in that order.

It's the third cold weather exhibition in succession. It was Minnesota; then Denver, and now the Chiefs.

The Chiefs lead the series 17-13-1. On October 1 the Chiefs beat the Chargers 12-10. The Chargers won at K.C. 14-7 last year.

Bob Chandler, pinch-hitting for Andy Musser, with Dick Van Raaphorst, will broadcast the game at 11 a.m. on KSDO radio. NBC will air it on channel 10.

It was another sad story last week. It was 13-10 in an overtime game for the Chargers 11th loss in a row this year. Chargers offense was so unproductive that head coach Tommy Prothro ordered a third-down kick on two occasions.

"I thought their chances of making an interception were better than our chances of making a long first down," Prothro lamented.

There were some bright spots, though. The Chargers accomplished six intereptions —three by Chris Fletcher— and six sacks. In spite of only three first downs by the offense, the defense kept the game alive. Rookie Mike Fuller returned a punt for 42 yards and Ray Wersching produced a 34-yard field goal. But in the process Mike Williams, Sam Williams, Louis Kelcher, Danny Colbert, Fred Dean and Fuller were injured. Dean made three of the sacks.

San Diego's six interceps and the three by Fletcher ties the club record. 11 punts by Dennis Partee equalled his previous high.

But three first downs in a game is a club record low. Previously, it was seven, twice made in 1961.

Following the Chiefs game, the Chargers will close out the home season with a Monday night game against Joe Namath, the New York Giants and Howard Cosell. Cosell will be in the national television booth. Tickets are now available at Gate E, Stadium. Kickoff is scheduled for 6 p.m.

Inn Loses $225

An early-morning burglar got $225 at the Liars Inn, a beer saloon at 9774 Campo rd., Casa de Oro between 2 and 5 a.m. November 14, while it was closed.

Judith Gloria Hansen, associated with the inn, told sheriff's deputies that the intruder entered by way of a window in the men's room and looted the coin box contents of a juke box and pool table.

Estimated loss in money is $225.

Winnipeg Opens 4-Game Homestand for Mariners

A critical four-game homestand, the first portion of 13 December contests, begins this week for the World Hockey Association San Diego Mariners.

Attempting to rebound from a pair of weekend losses, the local icers host Winnipeg tonight, and New England, Saturday, in 7:30 p.m. Sports Arena meetings.

San Diego will have the important home ice advantage for eight of the 13 games this month and must grab the valuable win points to challenge Western Division leading Houston. The Mariners will play 21 of their 40 1975-76 home dates by the end of December.

Coach Ron Ingram is certain to shake up his lines following a split in four games last week. It began well with wins over Edmonton and Quebes but tailed off with the losses to Calgary and Houston.

Offensively, center Andre Lacroix now has 28 points to rank among the WHA's top ten scorer and his surge comes at a time when some of the other forwards have slowed down their production.

On defense, former National Leaguer Brent Hughes has been the steadiest blue liner along with Bob Wall. Hughes popped in a last minute goal to force an overtime game with Calgary and has performed well clearing out the opposition in front of the nets.

Tonight's game with Winnipeg will be the last visit by the Jets to San Diego this season while the Saturday match will be the first of three local stops by New England.

Schacht, O'Ree Star for Sharks Against Bruins

Undefeated San Diego Sharks will be looking for their second win over the Los Angeles Bruins Sunday at the Mira Mesa House of Ice. Game time is 7:30 p.m.

The Sharks boasting a 4-0-1 record, will be skating onto the ice after a victory over the S.D. State Aztecs Sunday night before a near capacity crowd.

In that game, Jon Schacht led the Sharks' over the Aztecs with 4 goals. Willie O'Ree scored 2 goals and 3 assists. Sandy Fitzpatrick, the Sharks' leading goal scorer did not play in order to coach the Aztecs.

The L.A. Bruins, a strong defensive team, will attempt to stop the winning streak of the Sharks. The Bruins' impressive line-up includes left-wing Gerry Lumbard, right-wing Larry Scott, and (center) player-coach Brian Bird, all past members of the Belgian National team.

Tickets are $2.50 for reserved seats and $2 for general admission.

The Sharks Cove, for those who are 21 and over, serves 25-cent beer and 75-cent cocktails.

Studded-Tire Dates Differ Among States

The question of when drivers can use studded tires became a bit more confusing this month when it was learned that California, Oregon and Nevada laws establish differing periods when such tires are permitted.

In California, legal use is presently confined to a 90-day period between December 1 and March 1, the California Highway Patrol said.

But in Nevada the period is October 1 through April 30, and in Oregon, November 1 through April 30.

California drivers shouldn't have any problem, because if they put studded tires on their vehicles in compliance with California law they will be legal in any bordering state.

Geiberger to Give Free Golf Lessons

SILVER LAKES RESORT—If you've forgotten your golf lessons from the last Al Geiberger clinics at Silver Lakes Resort, don't despair: You can get a free refresher course.

Geiberger, director of golf at Silver Lakes Resort and the sixth leading money winner of 1975 with $175,693, will conduct two clinics on Saturday-Sunday, December 13-14.

The free clinics will start at 1 p.m. each day and will last about two hours.

Geiberger, who has won the MONY Tournament of Champions and the PGA Tournament Players Championship and has finished second in four other events this year, covers the entire golf spectrum, including putting, chipping, bunker play, short irons, long irons, fairway woods and the driver.

Silver Lakes Resort is a $26 million recreational community of McCulloch Properties, Inc., located 116 miles northeast of Los Angeles in the high desert near Adelanto.

The 2800-acre development is easily accessible from central Los Angeles, Orange and San Diego counties via the San Bernardino Freeway east to Interstate 15, then north on 15 to U.S. 395. Go north on 395 to Shadow Mountain Road, which enters the property.

Mariners-Santa Plan Sunday Party

The Mariners and Santa Claus are having an Old Fashion Christmas Party Sunday at 6 p.m. in the Copper Room of the Community Concourse in downtown San Diego.

For reservations contact the Pooster Booth at the Arena or call Pat Bouhton at 287-2145.

Tickets are $5. Children $3. Non-members will pay an extra dollar.

Santee Man Seeks Win At Anaheim

ANAHEIM — Top stadium motocrossers Jimmy Ellis, 20, of Connecticut and Marty Tripes, 19, of Santee, have signed to race in the first running of the American Motocross Finals, December 13, in Anaheim Stadium, promoter Mike Goodwin announced.

Ellis swept all three Yamaha stadium superseries events in March, then captured first place at the Oly Superbowl of Motocross last July. Captain of Can-Am's motocross team, Ellis already has clinched the number one spot for this year's 250 Trans-AMA series.

Tripes, a Bultaco rider, is a two-time winner of the famed Oly Superbowl of Motocross (1972-73). Hampered by a shoulder injury for much of this year, Tripes was unable to race in the 1975 Superbowl. His signing for the Finals marks his return to California stadium events after an absence of over a year.

"Ellis and Tripes are masters of stadium motocross, and they'll be tough to beat," said Goodwin. "They've trounched the best racers in the world, including the Europeans. These guys are legends."

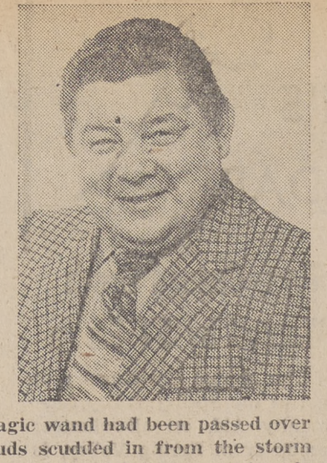

Ellis and Tripes join a field of top American riders competing for total prize money of $20,000 in the three-moto spectacular next month. The race will be run over a punishing, $100,000, man-made motocross track now being built in Anaheim Stadium.

Frost Forecasts Aired

Frost forecasts are broadcast nightly starting this week on three local AM radio stations, Kenneth Little, San Diego County Agricultural Commissioner, announced.

Stations which carry the foecasts are KOGO, during the 7 p.m. news; KOWN, on the 6:05 and 7:05 p.m. news; and KMLO at 4:35 p.m.

TAKE FIVE

By John E. Wirges

It was almost as if a magic wand had been passed over the land. Dark, angry clouds scudded in from the storm tossed Pacific and poured a mighty deluge on our terrain bringing forth all kinds of wonderment.

First off, the aerial aqua defuncted the forest fires raging through the back country, saving untold game, wild life and water shed, not to mention scores of homes sweating it out along the fire rim.

The rain also brought a cooling trend to our community, driving away the uncomfortable heat wave pelting us with hot days and burning sun. You'd have a tough time trying to make the folks in Denver, Cleveland or Buffalo think such a condition was a torment, but what do they know.

The chilling rain did have one unsatisfactory side, however. The boys and girls down at Black's Beach got bone surging blue in the billowing blow and began to bedeck themselves in bibs and tuckets, and more's the pity, garb and garments. Not a pleasant change on our legal nude beach.

But one man's displeasurement is another's preference. The rain and chill that covered Black's Beach, also covered the higher elevations around and about with a soft mantle of snow. Stimulating, invigorating, raw, numbing, winerty, bleak snow.

The magic wand of a weather front turned a Santa Ana into shiver of glaze. Our mountain greenery got buried under a freezing flannel of snowflakes. Pretty to look at, but a chilling experience up close.

Wise heads tend to observe the fluffy white stuff from a distance, a great distance — like from Mission Valley to the mountain tops — and take proper precaution of mind and body with suitable antifreeze in the event the snow decides to attack in force.

Only the young and foolish and other suspect creatures embrace the falling flakes as a blessing. These poor specimens greet the frosty fall with all the cavorting of the ancients to a pagan god.

Call them snow-freaks, snow-bunnies, snow-balls or odd-balls, they all suffer from the incredible infirmity known as "Artic Adoration."

Not only do they not know enough to come in out of the cold, they actually play games and try to make others believe they enjoy themselves out there.

Their big thing is sliding down hill sides with thin wooded rails laced to their boots. They say they do it for exercise, but they buy rides up to the top of the hill and limit their exercise to sliding down. And that's a pretty damn easy way to get in your huffin' and puffin'.

These frost afflicted aficondios call their thing skiing, and claim it's almost as much fun as he-ing and she-ing.

"Skiing," they say, "is the most fun anyone can have . . . alone."

And right out there in the snow and cold and everything. If they weren't so covered up it would be down right inmmoral. And that's another thing. They get so covered up with furs, hats, gloves, jackets, pants, fancy boots, goggles, scarfs and such out there, you can't tell the boys from the other kind.

Now how can you have any fun when things are like that? You could spend the better part of a day making a play on a bear or a musk-ox and never know it until you get close enough to test its mouthwash.

One must suppose that there are places skiers gather when the day's sliding is done and enough layers of garb are removed to disclose who's a he and who's a she, even in California.

Besides, off skis girls tend to walk funny and that's usually a giveaway, more or less.

But why take your sport high on a mountain top, slippin' and slidin' with a bunch of wild rail riders who would rather break and leg and save a ski than the other way 'round, when there are safe and suitable sports much closer to home.

Forget all that bundling up, driving to hilly places and tempting frost bites on lips that cover chattering teeth. That's for folks in Buffalo and Philadelphia and other savage settlements.

If you want to enjoy the great out-doors, pack a good pair of binoculars and wait for the sun to return to Black's Beach. Now, that's a sportin' pastime.

Light-Heavy Tijerina Tops December 16 Arena Battles

Boxing returns to the San Diego Sports Arena Tuesday, December 16, when Danny Millsap offers a second in a continuing series of professional matches.

This month's edition will have 30 rounds including twin 10-round features.

In one, light heavyweight Carlos Tigerina (12-2) meets the Black Bomber of L.A. "Buddha" Brooks.

Tijerina ko'd 10 of his opponents before taking a temporary respite during which time he acquired a new manager—Harold Cox, and a new trainer—Juan Bustamente.

In the companion 10-rounder, featherweight Manuel Lujan (25-0) of San Diego meets Ruben Coria, of Mexico City. Lujan won a questionable decision at the Arena in November but it was declared a win and his undefeated record stands.

The bout is advertised as a featherweight elimination bout for the state title.

Manny Lujan's brother, John, is booked in a six-round welterweight go against Juan Morales and Santiago Meza will meet Joe Da Baker in a four-rounder.

Tickets are $5, $4 and $2.50 which includes free parking.

Fight time has been changed to 8 p.m.

Reservations can be made at 224-4176.

Garrison, Gilbert Named to HoF List

SAN DIEGO . . . Garry Garrison, Claude Gilbert, Ollie Matson and Paul Lowe have been added to the high school Scholar-Leader-Athlete selection committee for the San Diego chapter of The National Football Foundation and Hall of Fame.

The announcement was made by Al Couppee, president of the local football organization. The new members and the present panel will choose two players from each league in the County as Scholar-Leader-Athletes for the year 1975.

Selection is based on scholastic accomplishment and football ability, as well as leadership and citizenship outside of school, Couppee explained. To be considered by the panel, nominees must have a B grade average and be all league.

A banquet honoring the winners will be held January 5th at the Miramar Naval Air Station Officers' Club, Couppee said.

Selection Committee

Others serving on the selection committee for the fourth consecutive year are: Duke Ferrara, Captain, USN (Ret.), an outstanding tackle at the Naval Academy in the mid-30s; Joseph Rindon, Jr., Supt. of the Sweetwater High School District; Cletus "Biff" Gardner, retired County Parks and Recreation Director, and NFL official for 17 years; Dr. Ken Karr, Athletic Director at San Diego State U.; and Don Clarkson, Commissioner of the San Diego section of the C.I.F.

Garrison, a wide receiver with the San Diego Chargers and graduate of SDSU, was the AFC's third ranked pass catcher starting the 1975 campaign with 375 receptions for 55 touchdowns and 7,037 yards.

SDSU Coach Gilbert

Claude Gilbert, head coach at SDSU has led the Aztec team for three seasons. He served as an assistant coach at the university for six years.

Gilbert played his college football at San Jose State and was a fullback and flanker. He earned both his B.A. and M.A. degrees from San Jose State.

The other new football foundation selection committee member, Ollie Matson, is running back coach at SDSU. He is one of the all-time great players and is a candidate for selection into The National Football Foundation's Hall of Fame this year. A coach at the school for the past three years, he was head football coach at L.A. High before joining the Aztecs' staff.

Paul Lowe, former running back for the Chargers, was one of the AFL's foremost half backs. He was player of the year in 1965, and all-league in 1960 and 1965. He ran for 4,963 yards during his professional career averaging 4.9 yards a carry.

Turnbull Wins Part in New TV Film Show

Bob Turnbull of Lemon Grove, now known as the Chaplain of Waikiki Beach, ha just completed filming a featured role in "Five Billion and Six," a movie-made-for-TV.

Produced by Alan Hauge and directed by Rick Harper, this GMT independent production will air during late Spring.

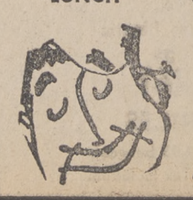

The film takes place in 1932 and the setting is primarily in the California deserts where a family is terrorized by three hoodlums. There is much unrest and hunger throughout the world during this time. Turnbull portrays a Captain Adams of the USA Division of the World Energy Control.

Prior to the Waikiki Beach Resort Chaplaincy Turnbull was a professional actor in Hollywood for more than 10 years.

Baseball's Winter Meetings May Bring Biggest Trades

Baseball's annual Winter Meetings, traditionally the hub of trading activity, seem likely to have their share of interesting deals again when the 1975 convention is held at Hollywood, Fla., starting Monday — and the Padres will be there.

Two recent barometers point that way. Although it was down from the previous year, 15 trades involving 40 players were consummated at the Winter meeting in New Orleans last year. In 1973, 26 deals took place in Houston with 58 players finding new homes.

The second indicator is that 24 players have been traded at the major league level already this fall, indicating general managers are anxious to do business. Sixteen of the 24 clubs have been involved in the 10 deals. The only absentee so far has been a huge inter-league swap (only five players had changed leagues in three trades through November 25), but that tempo is likely to pick up with the inter-league trade deadline set for midnight EST on December 12.

Many of the deals that have been made both this fall and at previous conventions have been big ones, too.

Ferguson Jenkins, Don Kessinger, Jimmy Wynn and Dusty Baker are among the prominent players dealt since the season ended. Ironically, Wynn was involved in one of the major trades which have been completed during recent Winter Meetings.

Wynn Traded in '73

It was at the 1973 convention when the Los Angeles Dodgers acquired Wynn from Houston and relief pitcher Mike Marshall from Montreal. The next season Marshall set a record for most appearances by a pitcher in a season and won the National League Cy Young Award while Wynn was one of baseball's top sluggers, leading the Dodgers to their first pennant since 1966.

Several teams benefitted from deals transacted during the 1974 meetings. Baltimore obtained Mike Torrez, who went on to win 20 games; Ken Singleton, who established himself as a .300 hitter; and Lee May, who pounded out 20 home runs and drove across 99 runs to rank among the league leaders in both departments.

Philadelphia and the New York Mets were involved in another sizeable trade. The Phillies' bullpen was strengthened with the addition of Tug McGraw while Del Unser helped the Mets' centerfield problem.

S.D.-S.F. Swaps

San Diego and San Francisco swapped second basemen. The Padres received veteran Tito Fuentes and the youth-oriented Giants got Derrel Thomas.

The first movement of players during the Hollywood meetings likely will come Monday morning when the major leagues have a chance to claim unprotected players at $25,000 apiece. That market has dwindled, though, with a record low of three players added to major league rosters is last year's draft. Fifteen other players were drafted to Triple A and Double A rosters.

Trades completed since the end of the regular season:

September

30—Houston obtained pitcher Mike Barlow from St. Louis for outfielder Mike Easler, who was transferred from Iowa to Tulsa.

October

20—San Diego obtained outfielder Willie Davis from St. Louis for outfielder Dick Sharon, who went on the Tulsa roster.

24—Minnesota obtained catcher Larry Cox fom Philadelphia for shortstop Sergio Ferrer.

24—Houston obtained pitcher Joaquin Andujar from Cincinnati for two minor league players to be named later.

28—St. Louis acquired shortstop Don Kessinger from the Chicgo Cubs for pitcher Mike Garman.

29—Oakland obtained infielder Larry Lintz fom St. Louis for outfielder Charlie Chant.

November

4—San Diego completed September deal with California, which sent Gary Ross to the Angels for Bobby Valentine, by obtaining infielder Rudy Meoli.

12—Kansas City obtained infielder Dave Nelson from Texas for pitcher Nelson Briles.

17—Los Angeles obtained outfielder Dusty Baker and infielder Ed Goodson from Atlanta for outfielders Jimmy Wynn and Tom Paciorek and infielders Lee Lacy and Jerry Royster.

17—Boston acquired pitcher Ferguson Jenkins from Texas for outfielder Juan Beniguez, pitcher Steve Barr, a playe to be named later and cash.

24—New York Yankees obtained outfielder Oscar Gamble from Cleveland for pitcher Pat Dobson.

Griffins End Season 4-5-1

Grossmont's Coach Dave Jordan came to one conclusion Saturday night after his Griffins tied Cerritos College, 28-28, in the 1975 season finale.

"We can compete in this (the South Coast) conference. I think we've proved that."

Although the Griffins' SCC record of 14-1 is far from impressive, they could've finished the conference campaign with a 4-2 record had they scored just eight more points.

For the season, Grossmont finished play with a 4-5-1 mark.

In Saturday's finale, the Griffins had a chance to win it, but Jorge DaSilva's attempt at a 49-yard field goal fell short on the last play of the game.

Grossmont's offense was responsible for seven of the game's eight touchdowns as the Griffins rolled up 327 yards total offense, while committing six turnovers.

Freshman quarterback Jim Browning hit on 18 of 31 passes for 174 yards and two touchdowns. However, he suffered five interceptions which led to three of Cerritos' scores..

On the receiving end of things Saturday, Don Kramer won the South Coast Conference pass receiving championship. He caught four aerials against the Falcons for 34 yards and one touchdown to finish the season with 55 receptions for 608 yards and four touchdowns.

Grossmont Chorale to Entertain Kiwanians At Holiday Breakfast

Grossmont College's 26-voice Chamber Chorale, under the direction of David L. Glismann, coordinator of vocal activities, will present a program of traditional Christmas songs during a Kiwanis Club breakfast scheduled for 7 a.m., Wednesday in the Student Center. The Chamber Chorale, singing old holiday favorites as "T'was the Night Before Christmas," "The 12th Day of Christmas" and "Deck the Halls With Boughs of Holly," accompanied by staff pianist Carol Cunningham.

The public is invited to the holiday breakfast sponsored by the Santee and Spring Valley Kiwanis Clubs. Cost of the breakfast is $2 and reservations must be made by Friday.

Register by calling Stan Flandi at 465-1700, Ext. 261.

Lemon Grove's Karen Eyler Is State Twirling Champion

By John Kowalczyk

Lemon Grove has another queen about whom to boast.

Karen Eyler, who has been twirling a baton since age five, presumably taking time off to eat and sleep, became the top high school majorette in the state Saturday as she strutted away from the Long Beach All-Western Band Review with the first place trophy in the solo majorette division and the title, All Western Band Review Queen.

She has been in solo competition in three reviews this year and has won first place in each. The All-Western Review title was won from a field of 25 majorettes from all over the state.

Winning Twirler

The Long Beach marching band competition is the largest review in the state and includes the best bands and drill teams in California high schools. 15-year-old Miss Eyler was first runner-up for the title last year.

Winning is not new to Mt. Miguel's prize twirler, who got interested in the art at an exhibit at Grossmont Center. She was five then.

Ten years and three baton instructors later she has accumulated over 500 awards for her work, on local, state and national levels. Two of her instructors were former national champions.

Most recent of Karen's national honors is a 14th place finish in the National Solo Competition held in St. Paul, Minnesota in January. Others include a fourth place finish in the World Twirling Championship in 1971 in South Bend, Indiana and 9th place finish in the Miss Majorette contest, 1971.

Plus for State

The 10th grade B-plus student will continue twirling for the marching Matadors one more year, she says. She is on the three-year grad program and expects to graduate in June, 1977, after which she plans to go to San Diego State University and major in public relations, with hopes for a career in the airline industry.

Yes, she will certainly try out for the Aztecs' twirling team.

Karen is the daughter of Keith and Shirley, 1706 La Corta, Lemon Grove.

How the Bands Fared

Local high school marching bands placed high at the statewide Long Beach review, though Loara High of Anaheim won sweepstakes.

Helix High won fourth place in class AA bands and Monte Vista High placed fifth in Class A.

Mt. Miguel's band missed fifth place by a tenth of a point in class A competition.

The All-Western Review marks the close of the fall marching band competition.

ANOTHER TROPHY — Karen Eyler, 15, holds the trophy she won Saturday honoring her as the All-Western Band Review Queen in Long Beach. She won the title competing in a field of 25 of the state's top solo majorettes.

Griff Harriers Win 4th Title

Coach Bob Larsen's Griffins won the California Community College large-school cross-country championships Saturday in Fresno for the fourth straight season.

The Griffins are the only team ever to win four titles at the state level and they've won five since the series began in 1964.

The only school even close to Grossmont's state championship production is L.A. Valley College. The Monarchs won three in succession from 1968 through 1970.

Grossmont sophomore Kirk Pfeffer ran, what Larson called "his best race of his life" in Saturday's finals and placed second with a time of 19:19. San Joaquin Delta's Henry Perez won the race which covered four miles of Woodward Park with a time of 19:18.6. Perez's time was a course record.

Also finishing among the top ten Saturday was sophomore Dennis Wilson. He was 10th with a time of 19:49, which left him just six seconds out of sixth place.

Other Griffin finishers were: Glenn Best (19:50), 12th; Dave Helgeson (19:51), 14th; Bill Davies (19.53), 16th; Frank Aguirre (20:09), 21st; and Scott Peters (20:21), 30th.

Westerners Aim For 2nd Tourney Championship

The USIU Cagers will aim for a second straight tournament championship this week when they compete in the Cal Poly, San Luis Obispo Invatational.

Coach Bob Kloppenburg's Westerners, which won the La Jolla Classic last week with victories over Chapman College, 80-54 and UC San Diego, 66-58, will play Cal State, Stanislaus in the opening round on Friday at SLO. Cal Poly and Occidental will clash in the second game with winners and losers meeting on Saturday night.

USIU will continue on the road for a fifth straight game at Fresno-Pacific on Monday before returning to San Diego on Friday, December 12, to play the U. of San Diego on the latter's court.

Chet Hancock, the three-year veteran from Kearny High School in San Diego, is leading the Westerners in scoring with 41 points (20.5) average with sophomore Joe Sobkiowak, from Clairemont High School in San Diego, ranked next with 24 points (12.9) average. Both Hancock and Sobkiowak were named to the All-Tournament team in the La Jolla Classic.

Caliente Eyes Record Payoff

TIJUANA — The stage is set for what could be a record 5-10 payoff this weekend at Agua Caliente and some race fan could walk away with about $130,000 in cash should they be the only person to correctly select six winners on a single ticket.

The papular form of wagering has produced fortunes for many over the years and a record payoff for the current administration was set in July when Ernest Martin of Pomona collected $126,612 in the form of a check for winning the 5-10 on a day in which longshots dominated the racing program.

The most recent big winner of the 5-10 was Jose Mendez of Tijuana who won $76,719.00 on November 1 by being the only person to have six winners on a single ticket. He used a $16 multiple card to win his fortune.

Jackpot Grows

As the reserve jackpot continues to grow, interest in the 5-10 contest climbs and the pool for the contest has stayaround the $100,000 mark the past two weekends. Fans wagered $107,342 on the 5-10 Saturday and there were 36 major award winners of $1,600 each for selecting five first place horses in the fifth through tenth race sequence.

Sunday's 5-10 pool amounted to $98,966 and there were 19 tickets with five correct selections, each worth $2,812.60 in major shares.

Racing resumes Saturday at Caliente with 11 races and a first post of noon.

Gas Company Postpones Relight Fee

San Diego Gas & Electric Company annouced that a recently started $10 service charge for relighting gas furnaces has been rescinded until 1976.

In addition, fees already collected for the seasonal light-up service will be refunded.

SDG&E said it withdrew the charge because it had been put into effect without adequate notice and had caught many customers by surprise. The fee will be effective for the seasonal light-up next year, however, and customers will be informed well in advance of the time they need the service.

The company noted that it is responsible for service only to the customer's meter, and that while the non-emergency light-up service has been provided as a courtesy, most customers could easily light their own furnaces.

The $10 fee was put into effect to help recover part of the added expense of providing the non-emergency service, a spokesman for SDG&E said.

Newest McDonald's Opens In Lemon Grove Tuesday

The newest member of the McDonald's Restaurant chain is opening in Lemon Grove Tuesday at the corner of Broadway and Massachusetts.

Gary Garner, the owner and operator of this McDonald's, has announced that this will be one of only four McDonald's in San Diego County featuring Drive Thru service.

McDonald's Drive Thru service has a streamlined, innovative communication system and separate drink dispensers from the in-store operation to assure fast and immediate service for Lemon Grove customers.

McDonald's menu, built around the world famous Big Mac, will also feature hamburgers, large sandwiches, fries, shakes, soft drinks, coffee, Filet O Fish sandwiches, McDonaldland cookies, hot fruit pies and a complete breakfast menu.

Menu selections for breakfast include hot cakes, fresh scrambled eggs, sausage, English muffins, danish and McDonald's own Egg McMuffin.

In addition to the large menu selection of quality food, the efficient service and cleanliness that have long been fixtures of McDonald's operation will be maintained by Garner at the Lemon Grove restaurant.

The exterior design of the Drive Thru incorporates a mansard roof and dramatic adobe block walls.

The interior of the Drive Thru, in keeping with McDonald's high standards for cleanliness, will have expansive tile walls and all stainless steel appliances.

The new restaurant will be the 25th McDonald's in San Diego County and the latest in the international organization. There are now McDonald's in all 50 states and 21 countries overseas.

Guns Reported Stolen

When Edward James Sullivan of 2330 DiFoss st., Lemon Grove, looked for his gun on November 24, it was gone.

He told the sheriff's department that he saw it last in May and hadn't been concerned about it until last week.

He described his loss as a .22 cal. single-shot blue-steel "Whamo" make valued at $35.

Kid's Stage Show for SV Rec's Open House

Tuesday night, the children of four neighborhood playgrounds will gather backstage at Kempton Elementary in Spring Valley to present a program for the Spring Valley Park and Recreation District's Fall open house.

"This is our biggy," says the Rec. Supervisor Willie Williams who is hoping for a large turnout.

A list of entertainment.

Rancho Elementary children will perform their version of the Dr.. Seuss classic, "How the Grinch Stole Christmas."

Performances by the La Presa Boys' "All Bad Voice Choir" and Kempton, Avondale and Rancho's Jazz and Tap dancers are planned.

Also, there will be a tiny tots class performing two numbers, an Avondale Football skit, tumbling and wrestling demonstrations and crafts displays.

"Rumor has it Santa Claus may make a surprise visit," Williams hinted.

Fun begins at 7:30 p.m. at Kempton school, 740 Kempton, Spring Valley.

Next Teen Dance Set For January

Dick Bales, chairman of the Lemon Grove V.F.W. Teen-Dance Committee said this week that there would be no teen dance in December.

He said that it is customary to eliminate the regular monthly dances which are held on the last Friday because of other Christmas activity.

The next dance, he said, will be in January. Arrangements to get admission tickets, which are free, must be made in advance. The telephone is 461-5877 or 461-6181.

Pursesnatcher Gets $1 and Credit Cards

Mavass R. Tillman of 8881 Milburn st., Spring Valley, lost her purse to a snatcher about 6:30 p.m. November 25 in the area of Thriftimart.

The thief, described as a male Negro, about 17 and 5-10 with braided hair, didn't get much in the way of money—but he did well on credit cards.

She reported to sheriff's deputies that her purse contained $1 and these credit cards:

Sears, MasterCharge, Bank-Americard, Chevron, Union and Home Federal.

Army Corps Hearing Planned On Jurisdiction Expansion

The U.S. Army Corps of Engineers has scheduled a mid-December public meeting in San Diego to discuss expansion of the Corps' regulatory responsibility to protect against the harmful discharge of dredged or fill material in the nation's waterways.

The meeting is set for 2 p.m. Wednesday, December 17, Auditorium Room B 109, California State Building, 1350 Front street. The public is invited to hear details on the revised regulation and to express their views and comments.

The expanded regulation became effective July 25.

Basically, the new law removes the qualifying word "navigable" in identifying the waters of the United States subject to Corps of Engineers jurisdiction in regulating the discharge of dredged or fill material. The change results from a U. S. District Court order that the Corps must extend its regulatory functions to all of the "waters of the United States," rather than the traditional "navigable waters."

The Corps has planned a two-year phase-in of the new areas of jurisdiction.

Dr. Ellis M. Benson, President of San Diego Mesa College, has been elected to succeed Victor P. Whitney who resigned in November as Chairman of the Board of Directors of the Combined Health Agencies Drive (CHAD).

Whitney, who annouced his resignation during the CHAD Board Meeting, left San Diego this week to accept a position as a vice president in the trust department of American National Bank in Denver.

Benson has served on the CHAD Board for the past two years.

ARB Seeks Citizens' Aid in Sniffing Out Pollution Violations

The California Air Resources Board is soliciting public cooperation in detecting violators of air pollution control laws.

All non-vehicular pollution, such as unauthorized agricultural burning, excessive discharges from industrial smokestacks, or odors, should be reported to local air pollution control districts or to the State Air Resources Board, by telephoning (916) 322-6022.

Messages are taped 24 hours a day, seven days a week.

Persons reporting violations should include the exact location, type, date and time of the violation. They should also inform the ARB if a photograph of the violation is available.

Under no circumstances should citizens enter private property unlawfully or take individual action against excessive polluters.

Demos to Study Platform Issues

Democratic voters are invited to participate in a conference on national platform issue on Saturday, 9:30 a.m. - 4 p.m. in Recital Hall, Balboa Park.

Marlene Feldman, 39th Senatorial District co-chairman, is in charge. She serves on the State Democratic Party Commission on National Platform and Policy.

Recommendations made December 6 will be submitted at the National Convention in July.

The meeting is open to all registered Democrats and the public at large. Feldman may be reached at 448-2762.

Outboard Motor Stolen

While Donald John Weismann, of 2068 Eldora st., Lemon Grove, was at work, someone entered his premises and took his outboard motor and fender skirts for his auto.

He said the loss occurred between November 11-15 and he was out $350.

If You Believe You've Been Cheated

A series of consumer protection advisories have been prepared by the California Trial Lawyers Association to warn consumers of some of the hazards of signing a contract. The following article is one of several that will be published in this column for several weeks.

Consumers are urged to write CTLA for their Consumer Protection Pamphlet which tells "How Not to Be Cheated and Who to Contact If You Are."

The address is at the end of this week's Column.

Shady Merchants

One of the pitfalls facing the unwary consumer is the infrequent, but omnipresent, practice by some unscrupulous merchants of engaging in deceptive, shady, sometimes-barely legal dealings.

Your first protection is to avoid being cheated. Following are seven suggestions to help you avoid being taken unfair advantage of by such operators:

1. **Do not sign** a contract under pressure. It is usually worthwhile to wait and consider carefully any major purchase. Shop around. Compare prices and quality. Do not rely on a salesman's high-pressure pitch.

2. **Alway read** a contract before signing it. If you do not understand it, get someone you trust to explain it to you. Read it before you sign it and don't sign anything you don't understand.

3. **Make sure** the contract says exactly what you have agreed to. Be sure that everything the salesman promised you is written into the contract before you sign it. Do not be afraid to write them on the contract yourself if they do not appear in the document given you to sign. If the seller refuses to let you put his promises in writing, shop elsewhere.

4. **Do not sign** a contract that contains any blank spaces. Put a line through any blank space before you sign.

5. **Beware of gimmicks.** If the deal sounds too good to be true, examine it closely.

6. **Be especially careful** of door-to-door salesmen, of surveys or questionnaires conducted over the telephone or at your door, and of persons who want to deliver a free gift or prize to you. These are often just the means of gaining entrance to your house to try to talk you into buying something.

7. **Be careful** when dealing with auto, appliance or other repairmen. Always ask for a written estimate of the cost and description of the desired repairs.

(To obtain a copy of the CTLA Consumer Protection pamphlet, designed to acquaint you with your rights in the law, send a stamped, self-addressed envelope to CTLA, 1020 12th st., Sacramento. Please specify whether you want it in English or Spanish.)

UC Enrollment Takes Surprise Upward Turn

Enrollment at the University of California took an unexpected climb this year, reaching a total of 128,478 students according to final registration figures for fall quarter. The figure represents an increase of 6,042 students statewide and is 4,304 higher than predicted.

The greatest growth occurred in undergraduate enrollments on the eight general campuses, now at 91,667 students.

At the San Diego campus, 7,596 undergraduates, 1,238 graduates and 793 health science students bring the enrollment total to 9,627, an increase of 752 over last year.

Public TV Channel Starts Special Program Week Sun.

A succession of musical nostalgia and dramatic specials highlight an upcoming winter Membership Drive on KPBS-TV, Channel 15, Sunday through Monday night, December 15.

On tap for the public television station's special programming will be "Home Town Saturday Night," a recreation of a turn-of-the-century American band concert, featuring the recreated Jack Daniel's Original Silver Cornet Band, on Wednesday at 8 p.m.

Two special 90-minute "Soundstage" programs during the week will attempt to chronicle the past 45 years of American music, featuring film footage of Bessie Smith, a salute to record producer John Hammond and live performances by artists ranging from Bob Dylan to Benny Goodman. The two-part program is aired Friday, December 12 and Saturday, the 13th, at 10 p.m.

A wealth of other musical performers, drama, sports and specials will appear throughout the week.

KPBS, Channel 15, undertakes special programming weeks in order to increase support for the station which relies, in part, on memberships from the community. A $15 per year basic "pledge" per member or member family helps support the television channel and KPBS-FM, 89.5.

$25,000 Offered In Scholarships

KOGO Radio is joining the NBC Radio Network in sponsoring an essay scholarship contest for students in grades 9-12.

To compete for the scholarship, students must write a composition of 1200 words or less, on "What is an American?"

Five winners will be selected, one from each of five regions of the country, and the NBC Radio Network is offering up to $5,000 in scholarships for continuing education to each winner. Four semi-finalists will be selected from within the KOGO Radio service area, consisting of all of San Diego County.

The contest ends March 1, with winners announced on July 4. For official rules and critieria on this nationwide contest, write or call KOGO radio at 263-6191.

Medicos Lose Cash

A thief entered the supply room at the Lemon Grove Medical Group, 3240 Main st., Lemon Grove and took $75 in cash from a cash box kept in a safe kept open during daylight hours.

The loss was reported shortly after noon on November 25 by Claude Dooley, Group administrator.

Seniors Invited To Weekly LM Square Dances

Senior citizens are gathering each week at the La Mesa Recreation Center, 8450 La Mesa blvd. for square dance lessons and practice. Couples are invited every Tuesday from 12:30 to 2 p.m. for instruction.

Lemon Grove and Spring Valley seniors are welcomed to the weekly dances.

Those who come early get basic round dance lessons, according to "Skip" Fenn, director of recreation. Admission is free.

COMBO Preview Tonight; Main Auction Saturday

"EVERYONE'S DOIN' IT," says Broadway Hardware store owner Olin Thompson who got himself into a "natural" at Mr. Kent's Hair Styling Salon. Men's hairstyling has been a business boom for beauticians in recent years.
Shown are before, during and after shots of Thompson with stylist Pam Cardoza.

Bargain hunters can open bidding tonight on COMBO auction merchandise and services at a preview auction. It is held in the El Cortez Hotel's Century Room from 5:30 to 10:30 p.m.

One hundred fifty items will be sold at the champagne buffet tonight, and pre-bids will be taken on the 1100 items for the COMBO Tele-Auction 75 set for Saturday.

Preview Auction guests may purchase tickets at the COMBO office, at Robinson's in Fashion Valley, at several downtown banks or at the door. Donation is $6 per person.

On the Block

Among the items on the auction block tonight are a Waterpik Shower Massage, piano lesons, four hour bay cruise, Old Globe Theater Shakespeare tickets, antique parlor table, dance lessons, vacation in Borrego Springs, Wild Animal Park birthday party, 100 pieces of Haviland antique china, landscaping services, living Christmas trees, ivory necklace and pin and a 1972 Ford Mustang.

Services and merchandise donated for this year's auctions are valued from $25 to $10,000. In past auctions, most items sold for bargain prices — between 40 and 60 per cent.

Personalities

San Diego Mayor Pete Wilson will emcee the annual 14-hour television auction beginning at noon Saturday. Assisting Wilson will be several veteran entertainers and a host of local television personalities including Harry von Zell, radio pioneer and television and movie actor; George Fenneman, television show emcee; and Andy Russell, singer and entertainer personality. Personalities from local television stations will also assist.

Proceeds go to COMBO's 16 member organizations: San Diego Symphony, San Diego Opera, Old Globe Theater, La Jolla Museum of Contemporary Art, San Diego Civic Light Opera, San Diego Ballet, Young Audiences, San Diego Junior Theater, Civic Youth Ballet, Southeast San Diego Community Theater, Centro Cultural de la Raza, Patio Playhouse, La Jolla Chamber Orchestra and Center for Photographic Arts.

'Parade of Lights' Set For December 21

The San Diego Bay Christmas Boat Parade of Lights will begin at 6 p.m. December 21 in the Shelter Island Yacht Basin.

The route passes near the shore of Shelter Island, Harbor Island, the Embarcadero and ends near the Star of India at the B Street Pier about 8 o'clock.

The event is sponsored annually by the Dilligas Society.

Boats 10' to 100' will compete in several classes based on originality.

Last year more than 20,000 people viewed the parade of 60 boats. This year more than 100 boats are expected to compete.

An awards ceremony will be at the Sheraton Harbor Island hotel at 9 p.m.

The Dilligas Society is a non-profit San Diego corporation.

Dollar Party For Republicans Friday

Republican Associates, a group of Republicans dedicated to furthering the ideals of the GOP, is having a public cocktail party Friday, December 5 on the 24th floor of the S.D. Federal Savings and Loan bldg., 600 B st.

The party will be 5-10 p.m. and during the festivities a luncheon as guest of some well-known pubic official will be given as a prize. The public celebrity may be a national figure, it was said.

Admission is $1 and a live band will provide entertainment.

The public is invited and each partygoer is invited to bring a friend.

Sharp Sells Cards For Gift Donors

Sharp Hospital has special Christmas cards available at the gift shop which say to the receiver that a special donation to the hospital has been made in his name by the sender.

The cards feature a reproduction of the stained glass window artwork found in the Sharp lobby. The artwork is called the "Peaceable Kingdom" based on the parable of the lion and the lamb.

Clowns, Magic Open New Hospital Facility Today

The largest intensive care facility for infants and children in San Diego is dedicated today at Children's Hospital and Health Center in Kearny Mesa.

Children's new $1.3 million Intensive Care/Cardiopulmonary Building will be christened by former patients, parents, staff and dignitaries at 2:30 p.m. The public is invited.

Dr. George Cunningham, chief of maternal and child health for the State Department of Public Health, will keynote the brief ceremony.

Tours of the facility will follow. The event will be staged in a circus atmosphere with Al Bahr clowns, calliope, a magician and refreshments.

Also featured are free hearing and blood pressure tests.

The hospital is located at 8001 Frost st., east of Freeway 163.

Industrial Course For Women to Open At Grossmont College

Grossmont College, Special Project's Office is recruiting students for the Spring semester for a new program designed specifically for women.

It's the Technical Industrial Aide program, TIAP, and is a two semester class designed to give women an overview of the electronics field, provide a basis for employment and motivate students toward achieving more advanced positions.

Upon completion, women should be employable as quality controllers, production controllers, planners, basic engineering technicians, basic drafters and basic computer operators. Areas of employment will be decided by individual students. Deadline for registration is December 20.

The first semester consisting of basic electronics, basic drafting, industrial technology, drafting lab, electronics lab, personnel development and work experience. The daytime coursework consists of 22 class hours a week and 13 semester units of credit. The program is designed to help women achieve success in a male dominated field by providing tutoring, social services and contact with community resources.

Applicants must have at least one year of high school algebra and some math aptitude. Women interested in this field of employment should have a preference for working with data and objects rather than service oriented occupations.

Interested women should contact Debbie Maher, TIAP coordinator or Toni Mueller, Coordinator of Special Projects at Grossmont College, 465-1700 ext. 401.

Additional Men, Equipment for S.D. Firefighters

Heavy Northern California rains have made possible the transfer of additional fire fighting forces and equipment to the San Diego Forest Ranger Unit. Five engine companies and two heavy bulldozer units, along with a helicopter and crew will strengthen the local fire suppression forces here.

Historically, it is this time of year when Southern California has experienced its most devastating fires. Usually after each fall season rain storm, a Santa Ana condition develops and dries out the moisture.

October Sees More Housing Starts in Ca.

New housing starts in California for October showed a gain over the previous month's figures, according to Bank of America.

Housing starts for October were at a seasonally adjusted rate of 152,000 units, up 15 per cent from the September rate of 132,000 starts. The October rate was up 58 per cent from October 1974.

During the first 10 months of 1975, the bank reported, actual new starts of 100,697 units were down 11 per cent from 113,520 during the same period of 1974.

Actual starts of single family units, however, totaled 67,637 for the first 10 months of this year, up 5 per cent from the 64,376 units started during the same period a year ago.

Bank economists said that continued strength in permits issued for future building indicates further modest gains in new starts in the months ahead.

Letters to the Editor

November 26

Letter to the Editor:

Monte Vista High School's Citizens' Advisory Committee recently held a special meeting to discuss smoking on the school's campus.

A motion was made at the meeting to go on record supporting smoking on the campus and the motion was defeated with 14 votes in opposition, one abstention and zero support for the motion. A second motion was made that the Committee go on record requesting that the Grossmont Union High School District Board of Education provide additional personnel in the local school for enforcing no smoking.

Continuous efforts are being made to teach high school students that smoking is hazardous to their health and students are being suspended when caught smoking on the campus or on school buses.

The current enrollment at the nine high school campuses in the Grossmont Union High School District is nearly twenty-two thousand.

If the High School Board continues the current No Smoking on High School Campuses policy, the number of Ground Supervisors should be increased significantly to control smoking by students. Also, one School Bus Driver Assistant should be provided for each bus.

The school board has scheduled a meeting on the smoking issue for December 15th at 7:30 p.m. Due to the added attendance due to interest in smoking on the high school campuses, the meeting will be held at Valhalla High School.

Parents and interested citizens who wish to sound-off on this matter should write the board or attend the meeting.

There should be a continuing interest by everyone in all matters affecting the spiritual welfare and public education of our young people.

Louis Edward Burgess

Spring Valley

Dear Editor,

The CYO of St. John of the Cross Catholic church in Lemon Grove wishes to thank the people who gave so generously of their canned goods, fruit cakes and money to make someone else's Thanksgiving a blessed and happy one. With the canned goods and CYO supplying the turkeys, we were able to distribute four generous baskets to families which might not have fared so well without them.

The CYO meets the first and third Sundays each month in the Youth Center at St. John of the Cross. Young people of high school age are invited to attend.

National U. Gets New Student Dean

National University, San Diego, has appointed Harold C. Wells, Ed.D., as its dean of students.

Dr. Wells, 52, had been superintendent of schools, in Brady Township, Michigan, as well as assistant director of a Federally-funded program to stimulate innovative educational programs in Detroit. He spent two years as a consultant in education to the Somali Republic, in East Africa.

Wells was most recently a professor of education at United States International University.

In addition to authoring numerous articles for national, professional journals, Wells has written three books and portions of others.

Wells and his wife, Dolores Ann, who is an administrator in the Chula Vista School District, live in La Mesa with their two sons.

Showcase Christmas

The Showcase Writers Club holds its annual Christmas party at its regular meeting place, Porter Hall, in La Mesa.

Members will read their customary poetry and prose relating to the holiday season. A meal and gift exchange are planned.

Ecology High on CalTrans Plan Priority List

State Business and Transportation Secretary Donald E. Burns said recently that the state is working on a way to stop plans for new highways which would cause further damage to critical environmental areas.

In a wide-ranging speech to an audience of governmental and industry right-of-way officials, Burns said "Our first move should be to adopt the environmentalist argument. We must refuse to put transportation facilities where they will contribute to further deterioration of our environment."

Burns proposed that environmental factors, including social and economic data, should be used along with other information on which highway officials establish priority rankings for highways, to give a balanced perspective on the need for new highways.

BankAmerica Corp. Earnings Grow

The strong upward trend in earnings which marked BankAmerica Corporation's first-half results continued through the third quarter, the corporation reported.

President A. W. Clausen said consolidated income before securities transactions for the nine month period increased to $218,902,000 or $3.17 per share from $181,210,000 or $2.63 per share a year earlier, representing a 20.5 per cent gain.

Net income for the third quarter increased 17.6 per cent to $82,688,000 or $1.20 per share from $70,135,000 or $1.02 per share for the like period a year ago.
